

Dear Eighth Grade Families,

I hope everyone is doing well! Unfortunately, due to COVID, we cannot hold our annual High School Options Fair. In this letter you will find information I have received from schools about open houses and their application process. You can also head over to the Guidance page on Oxford Middle School's website by using this link:

<https://goms.oxfordpublicschools.org/departments-and-subjects/guidance>

Information will be updated and added on the website as it becomes available. Please make sure to go to the page, as there is a video and some presentations are in the process of being uploaded.

Any questions please contact Miss Lebetkin lebetkina@oxfordpublicschools.org

Thank you!!!

Sound School:

We are currently accepting applications for 9th grade entry in the 2020-2021 school year. To apply please visit their website: <http://sound.school/admissions/>
This webpage also holds our ASTE application in English, Spanish and Portuguese.

Once in our website, students can view our Virtual Open House and get a taste of what students do every day at The Sound School. Interested students can review this document at home and show their parents. Guidance counselors can assist students in filling out the applications and returning them to the admissions office. Usually the guidance counselors also send grades and other information for each student. Three recommendations are required and parents may ask for a friend/neighbor, etc. to recommend their child.

We are a college preparatory school, and are hopeful that after Covid constrictions have been lifted, that we can offer school visits, campus tours and shadowing. Please refer to our Admissions page on our website for updates. We hope to provide this access to our campus before the school year has passed. Sound School is not a magnet school and accepts students on a rolling admissions basis.

Westover:

Info sessions: November 17, and December 7, which anyone can sign up at [here](#) (all virtual).
